    2. Dr. Kelly Weidenbach mentioned that it is best practice to review bylaws on a regular basis and that the Board would be empowered and encouraged to review and make changes to the bylaws on a regular schedule.
    3. Mellissa Sager flagged term limits on Board Officers as a decision point for the Board – Would they like to limit the number of annual terms that Board Officers would be permitted to serve consecutively? The Board discussed and agreed that Officers should be limited to two consecutive one-year terms. This change was made to the draft bylaws.
    4. Mellissa flagged a change to the “Finance” section of the draft bylaws – The draft bylaws originally said the Board would designate, by resolution, a bank and account where health department and Board funds would be deposited. Statute delegates this authority to the County Treasurer, who also serves as the Board/Health Department Treasurer. This section was changed to clarify that the County Treasurer would designate the bank and account for the Board and Health Department funds.
    5. The Board suggested that regular review of the bylaws, as a best practice, be included in the bylaws. Bi-annual review was suggested, and the “Amendments” section was updated to reflect this addition.
