

Air Pollution Control Division

Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Extraction Oil & Gas, Inc. - Alma 1S-66-2524 Production Facility - Adams County

Notice Period Begins: February 17, 2023

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Extraction Oil & Gas, Inc.
Facility: Alma 1S-66-2524 Production Facility
Well Production Facility
SWSE Section 25 T1S R66W
Adams County

The proposed project or activity is as follows: Applicant proposes the modification of permits 18AD0752, 18AD0753, 18AD0754, 18AD0755, and 18AD0756. Modifications include updated emission factors for permits 18AD0752 and 18AD0753, and updated requested throughputs for all points.

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 18AD0752 are available on the Division's website at <https://www.colorado.gov/cdphe/air-permit-public-notice>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Comments may be submitted using the following options:
