Notice Period Begins: March 8, 2023

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Renegade Oil and Gas Company, LLC
Facility: State of Colorado C #5
Well Production Facility
NENE Quadrant of Section 16, Township 2S, Range 64W
Adams County

The proposed project or activity is as follows: Gas venting from low pressure separator initial construction permit request. The facility is in the severe ozone non-attainment area and is synthetic minor for VOC NANSR and OP programs.

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division’s analysis, and a draft of Construction Permit 21AD0410 are available on the Division’s website at https://www.colorado.gov/cdphe/air-permit-public-notices

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Comments may be submitted using the following options:
