## Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Rocky Mountain Midstream, LLC - Watkins Compressor Station - Adams County

Notice Period Begins: February 8, 2023

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Rocky Mountain Midstream, LLC  
Facility: Watkins Compressor Station  
New Natural Compressor Station located in ozone non-attainment  
SEC 35 T3S R64W, Adams County  
Adams County

The proposed project or activity is as follows: Gas Compressor Station with hydrocarbon storage and loadout into trucks, Gas TEG dehydrator, two compression engines, rod packing emissions and ROPE emissions from various equipment

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 19AD0371.CP1 are available on the Division's website at <https://www.colorado.gov/cdphe/air-permit-public-notice>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Comments may be submitted using the following options:
