# ASPEN HILLS METROPOLITAN DISTRICT ANNUAL REPORT TO THE CITY OF COMMERCE CITY

#### FISCAL YEAR ENDING DECEMBER 31, 2022

Pursuant to the Aspen Hills Metropolitan District Service Plan, the District is required to provide an annual report to the City of Commerce City within one hundred twenty (120) days after conclusion of the District's fiscal year beginning December 31, 2005. Such annual report shall include information concerning the following matters:

- A. Boundary changes made or proposed.
- B. Intergovernmental Agreements entered into or proposed.
- C. Changes or proposed changes in the District's policies.
- D. Changes or proposed changes in the District's operations.
- E. Any significant changes in the financial status of the District including revenue projections or operating costs.
- F. A summary of any litigation involving the District.
- G. Proposed plans for the year immediately following the year summarized in the annual report.
- H. Status of the construction of public improvements.
- I. The current assessed valuation in the District.

For the year ending December 31, 2022, the District makes the following report:

#### A. Boundary changes made or proposed.

No boundary changes were made in 2022.

#### B. <u>Intergovernmental Agreements entered into or proposed.</u>

The District did not enter into any new IGAs in 2022.

#### C. Changes or proposed changes in the District's policies.

There have been no changes in the District's policies.

{00657892}

#### D. Changes or proposed changes in the District's operations.

There were no changes in the District's operations.

### E. Any changes in the financial status of the District including revenue projections or operating costs.

The current financial status of the District is reflected in the 2023 budget attached as Exhibit A.

#### F. Summary of any litigation which involves the District.

There is no litigation, of which we are aware, currently pending or anticipated against the District.

#### G. Proposed plans for the year 2023.

The District does not have any proposed plans for taking on additional operations or facilities in 2023.

#### H. <u>Status of District's public improvement construction schedule.</u>

The District did not acquire constructed capital improvements in 2022.

#### I. Summary of the current assessed valuation in the District.

The District has received a certification of valuation from the Adams County Assessor that reports a taxable assessed valuation for the District for 2022 of \$3,585,680 for collection in 2023. The District has certified a mill levy of 79.740 mills to be assessed against the property within the District.

#### **Services Provided**

The District was organized to provide financing for design, acquisition, construction and installation of streets, traffic and safety controls, water facilities, sanitary sewer, storm drainage, parks and recreation, transportation, television relay and translator, and mosquito control and the operation and maintenance of the District. The District's service area is located entirely within the boundaries of the City of Commerce City in Adams County, Colorado.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The district has no employees, and all administrative functions are contracted.

The budget is in accordance with the TABOR Amendment limitations that were modified by voters in an election held in November 2002. District voters approved authorization to increase property tax up to \$50,000 annually to pay for the operations and maintenance expenditures of the District. Additionally, the election allows the District to collect, spend, and retain all revenues, other than ad valorem taxes, without regard to the limitations contained in Article X, Section 20 of the Colorado constitution.

#### Revenues

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

The calculation of the taxes levied is displayed on page 2 of the Budget.

#### Revenues (Continued)

#### **Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected.

#### **Net Investment Income**

Interest earned on the District's available funds has been estimated based on an average interest rate of 1.50%.

#### **Expenditures**

#### **Administrative and Operating Expenditures**

Administrative and operating expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, election, accounting, insurance, banking, and meeting costs.

#### **Debt Service**

Debt service payments are provided based on the debt amortization schedule of the District's Series 2020 Tax-Free Refunding Loan.

#### **Capital Projects**

During 2021, the District acquired public infrastructure from the Developer and/or entered into contracts for public improvements to complete the build out of District development. The District has budgeted no capital expenditures for 2022.

#### **Debt and Leases**

#### **Bank Loan**

On December 23, 2020, the District issued a tax-free refunding loan (2020 Loan) in the amount of \$2,037,000 from NHB Bank N.A. at a fixed interest rate of 2.90% per annum. Interest is due on June 1 and December 1 beginning on June 1, 2021, and principal is due on December 1, beginning on December 1, 2021. The loan matures on December 1, 2040.

#### **Debt and Leases (continued)**

The 2020 Loan is secured by (1) the required mill levy, (2) that portion of the specific ownership taxes collected as the result of the required mill levy, and (3) any other legally available moneys which the Board determines to apply as pledged revenue. The required mill levy is an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient, when combined with moneys held in the loan payment fund, to pay the principal of and interest on the loan when due, but not in excess of 50 mills, subject to adjustment for any changes in the method of calculating assessed valuation since 2002. The adjusted maximum required mill levy for the 2023 budget is 65.796. When the debt to assessed ratio is 50% or less, the required mill levy is an ad valorem mill levy imposed upon all property of the District each year in an amount sufficient to pay the principal of, premium if any, and interest on the loan when due, without limitation of rate and in amounts sufficient to make such payments when due. At December 31, 2022, the debt to assessed ratio was 52.6%. Proceeds of the 2020 Loan were used to (1) repay the District's Series 2004 General Obligation Bonds, (2) fund future capital improvements of the District, and (3) pay the cost of issue of the 2020 Loan.

#### **Developer Advances**

In 2004 the District entered into an Advance and Reimbursement Agreement (Old Agreement) with the Developer. In 2016, the Old Agreement was terminated and all advances under the Old Agreement were assigned to a new Advance and Reimbursement Agreement (New Agreement). Advances under the New Agreement accrue interest at the rate of 6% per annum. Developer advances are not general obligation debt. Payments under the New Agreement are subject to annual appropriate from available funds not needed for operations or debt service. See below of the anticipated activity associated with the developer advances:
