RE: New Compliance Program

Dear Stakeholder,

Adams County Neighborhood Services will be launching an education and compliance initiative, **Achieving Compliance Together (ACT)**, in the unincorporated areas of the Federal Corridor beginning January 2024. The *Advancing Adams Comprehensive Plan 2022* identified this area as a Strategic Corridor due to the projected future growth, the mix of commercial and industrial businesses, and the importance of improving these areas to achieve Adams County's planning efforts.

The purpose of this initiative is to provide outreach and education to business owners regarding Adams County Development Standards and Regulations. Additionally, this initiative intends to create a collaborative relationship between business owners and Adams County through identifying potential violations, education, and working together to achieve voluntary compliance.

The map attached identifies the area that will be captured in this first pilot.

Prior to the rollout, we encourage you to attend an information session with Adams County to discuss the initiative and ask questions. If you have questions about the project and Adams County's goals, please email cswb@adcogov.org or call 720.523.6606 x3. For more information, visit adcogov.org/act.
