

Hello

I lost my son a little over 5 years ago. Finding a place to do my sons funeral was the hardest thing I ever done. I went to a Mortuary company that felt like I was buying a car. They pulled out paperwork to finance. This was my sons life. I was given a referral for A Better Place. I felt like my sons life mattered. They are the best for what they do. Families need comfort and knowledge that their family matters. Since then I had other family members pass and use A Better Place. This is the hardest thing to do and they just make it a little easier.

Thank you

Michelle Herrera

Moreover, I have had the privilege of referring A Better Place to many of my friends who have also experienced loss. Without fail, they have expressed their gratitude for the exceptional care and support they received, echoing my sentiments about the outstanding quality of service provided by A Better Place.
