Air Pollution Control Division

Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Cummins Inc. - Cummins Denver Master Rebuild Center (MRC) - Adams County

Notice Period Begins: July 30, 2024

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Cummins Inc.
Facility: Cummins Denver Master Rebuild Center (MRC)
Engines rebuilding
10850 E 104th Ave., Henderson
Adams County

The proposed project or activity is as follows: Construction of a new engine-rebuilding facility

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 23AD0376 are available on the Division's website at <https://www.colorado.gov/cdphe/air-permit-public-notices>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Comments may be submitted using the following options:
