

Air Pollution Control Division

Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Magellan Pipeline Terminal - Megellan Dupont Terminal - Adams County

Notice Period Begins: July 18, 2024

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Magellan Pipeline Terminal
Facility: Megellan Dupont Terminal
Refined Petroleum Product Bulk Transfer Facility
8160 Krameria Street, Dupont, CO 80026
Adams County

The proposed project or activity is as follows:

5 new storage tanks for petroleum products and associated tank cleanouts and landings.

The division has determined that this permitting action is subject to public comment requirements under Colorado Air Quality Control Commission Regulation Number 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements
- the Division has determined that public comment is warranted because: There is a public interest in these permits.

The division has made a preliminary determination of approval of the application.

A copy of the application, the division's analysis, and a draft of construction permit number 24AD0057 are available on the division website: [Air Permit Public Notices](#)

The division hereby solicits submission of public comments from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the commission. The division will receive and consider written public comments for thirty (30) calendar days after the date of this notice. Comments may be submitted using the following options:
