

Re-submittal Form

Case Name/ Number: Complete Containers / RCU2023-00053

Case Manager: Brayan Marin

Re-submitted Items:

- Development Plan/ Site Plan
- Plat
- Parking/ Landscape Plan
- Engineering Documents
- Subdivision Improvements Agreement (Microsoft Word version)
- Other: Traffic Study

*** All re-submittals must have this cover sheet and a cover letter addressing review comments.**

Please note the re-submittal review period is 21 days.

The cover letter must include the following information:

- Restate each comment that requires a response
- Provide a response below the comment with a description of the revisions
- Identify any additional changes made to the original document

For County Use Only:

Date Accepted:

Staff (accepting intake):

Resubmittal Active: Engineering, Planner, Right-of-Way, Addressing; Building Safety;

Neighborhood Services; Environmental; Parks; Attorney; Finance; Plan Coordination

Development Review Team Comments

Dear Mr. Marin,

Please find below responses to the comments we received.

ROW 1 – The site plan shows well, septic tank, and leach lines. The septic tanks are protected with barriers to prevent being driven over. The leach lines are covered with concrete but are close enough to the edge of the concrete to operate properly. The concrete was installed in the late 1980's. The system has worked fine since we bought the property in 1981. We pump the tanks regularly. We expect they will not need to be bumped as often as previously, we have about 40% less employees than we had before. We also installed a waterless urinal in the men's lunchroom so there is considerably less volume in the one septic tank. The other one serves the office, and we have a smaller staff there than previously as well.

ROW 2 - We plan no construction on this property.

FLAMMABLE GAS OVERLAY – As this property is approximately 70% landfill, there is flammable gas present. We did flammable gas remediation in 1983. We have gas detectors in all of the buildings. We updated the remediation system in 2024 by adding fans in the discharge pipes. We do not plan any type of construction.

ENV8 – All traffic areas are paved.

ENV9 – All truck and equipment maintenance are performed either in our truck shop or designated concrete repair areas.

ENV10 – All hydraulic fluids, oils, and other pollutants are stored within covered areas with proper containment. We recycle all oils and burn in a waste oil heater.

ENV11 – We monitor all equipment operations to keep idling at a minimum.

PLN04 – Outdoor storage will be less than 80% of yard area. See site plan for specifics.

PLN05 – See site plan.

PLN06 – We presently have 6' chain link fence.

PLN07 – 35'

PLN08 – To be discussed with Megan Grant at meeting

PLN09 – We purchased the property in 1981. The well, septic, and leach fields were already in existence, so we have no records, but they have worked well for 43 years.

PLN10 – All tires will be stored inside. There are vehicles serviced at this site. See ENV9

ENG7 - Please see attached trip generation analysis.

Please note applicant information has changed. Please remove Christine Francescani and send all future correspondence to the following:

William Vetos

STATE OF COLORADO.

- NOTES:**
1. THIS SITE PLAN DOES NOT REPRESENT A MONUMENTED LAND SURVEY. THE SOLID LINES SHOWN HEREIN INDICATE PROPERTY LINES AND MAJOR IMPROVEMENTS SHOWN HEREON.
 2. SITE PLAN IS BASED ON CONTROL AS SHOWN. AN IMPROVEMENT SURVEY PLATS IS RECOMMENDED FOR PRECISE LOCATION OF IMPROVEMENTS.
 3. FENCE LINES, IF SHOWN, ARE APPROXIMATE.
 4. THIS SITE PLAN WAS PREPARED FOR THE SOLE PURPOSE OF USE BY PARTIES STATED HEREON. IT DOES NOT ESTABLISH PROPERTY CORNERS OR PROPERTY LINES. A MORE PRECISE RELATIONSHIP OF THE IMPROVEMENTS TO THE BOUNDARY LINES CAN BE DETERMINED BY AN IMPROVEMENT SURVEY PLAT. THE IMPROVEMENTS SHOWN HEREON ARE BASED ON THE SURVEY REPORT & ASSOCIATES, INC. AND ROBERT HAYDEN REPORT WILL ASSUME MORE THAN THE COST OF THIS SITE PLAN, AND THEN ONLY TO THE PARTIES SPECIFICALLY SHOWN HEREON. ACCEPTANCE AND/OR USE OF THIS SITE PLAN FOR ANY PURPOSE CONSTITUTES ACKNOWLEDGMENT AND AGREEMENT TO ALL TERMS STATED HEREON.

SURVEYOR'S STATEMENT

ON THE BASIS OF MY KNOWLEDGE, INFORMATION AND BELIEF, I HEREBY CERTIFY THAT THIS SITE PLAN WAS PREPARED FOR THE PURPOSE OF THE ESTABLISHMENT OF THE BOUNDARY LINES AND IMPROVEMENTS SHOWN HEREON. THIS SITE PLAN IS VALID ONLY FOR USE BY WILLIAM VETOS AND DESCRIBES THE PARCELS APPEARANCE ON AUGUST 30, 2024.

RE: Trip Generation Estimate Complete Container Services in Adams County

Dear Julie and Abigail,

Based on your request, I have prepared this letter to document the trip generation for the Complete Container Services (CCS) facility at 6515 Delaware Street in Adams County. CCS utilizes land on the east and west sides of Delaware Street between 66th Avenue and 64th Avenue. This trip generation estimate is only for the parcel on the west side of Delaware Street. CCS is a container storage depot and also provides container rental and sales services. Figure 1 contains the vicinity map showing the parcel on the west side of Delaware Street, and Figure 2 highlights the three accesses to the site.

A trip generation estimate was prepared for the parcel using traffic counts to document the traffic on an average work day. The data were collected on Thursday November 30, 2023 from 6:00 a.m. to 6:00 p.m. CCS is open on weekdays from 7:30 a.m. to 4:30 p.m., so the traffic counts captured traffic for the entire workday. It was necessary to collect traffic counts to represent the trip generation because a container storage depot is not a land use that is contained in the Institute of Transportation Engineers Trip Generation¹ manual. Table 1 contains the traffic count summary that shows that the facility generates 199 trips on an average weekday, 29 trips during the morning peak hour, and 36 trips during the evening peak hour. The traffic count data are attached to this letter.

Feel free to contact me to discuss the contents of this report.

Sincerely,

Joseph L. Henderson, PE, PTOE
Project Manager / Principal
