ADAMS COUNTY PURCHASE ORDER TERMS AND CONDITIONS

Quality: Vendor warrants that the goods delivered hereunder will conform to the description stated in this Order and that the goods will be merchantable, of good workmanship and materials, and free from defects. These warranties shall survive inspection, testing and/or acceptance of the goods. At County's option, and without prejudice to any other rights County may have, Vendor shall remedy any defective goods or reimburse County for its costs for remedying or replacing defective goods.

Packing Charges: No charges will be allowed for transportation, boxing, crating or other packaging unless set forth in writing in this Order.

Terms of Payment: Payment in full by County shall be made within thirty (30) days after receipt of invoice from Vendor.

Tax Exempt: County is a tax-exempt government entity, a body politic and corporate. No sales, use or excise taxes shall be included in or added to the prices of materials or goods on this Order. County's tax exempt number is 98-03569.

Appropriation Clause: The payment of County's obligation hereunder in fiscal years subsequent to the current year are contingent upon funds for this Order being appropriated and budgeted. If funds for this Order are not appropriated and budgeted in the year subsequent to the fiscal year of issuance of this Order, the County may terminate this Order. County's fiscal year is the calendar year. Termination under this provision shall not result in any penalty being imposed against County.

Cancellation for Cause: This Order is to be acknowledged properly, and the date of shipment shall be stated definitely in the acknowledgment by Vendor. In the event of Vendor's failure to deliver as and when specified, County reserves the right to cancel this Order, or any part thereof, without affect to its other rights, and Vendor agrees that County may return part or all of any shipment so made and may charge Vendor with any loss or expense sustained as a result of such failure to deliver.

Risk of Loss: If the risk of loss passes at the shipping point, and if Vendor fails to pack the goods in an appropriate manner or to ship them in the manner or route directed by County, Vendor shall reimburse County for any loss resulting from that failure.

Compliance: Vendor represents and warrants that it is in compliance with all applicable laws, rules and regulations that affect this Order.

Patents and Copyrights: Vendor shall indemnify, hold harmless, and defend County, its directors, officers, agents and employees for, from and against any suit, claim or demand alleging infringement of any patent or copyright or misappropriation of any confidential information or trade secret in the United States, in the country of source or country of destination, based on the manufacture, assembly, sale, lease or use of goods, machinery, equipment, apparatus, materials or processes supplied hereunder.

Indemnification: Vendor shall fully protect, indemnify, hold harmless and defend County, its directors, officers, agents and employees for, from and against any and all loss, cost, damage, injury, liability, claims, liens, demands, taxes, penalties, interest or causes of action of every nature whatsoever, including but not limited to those of Vendor's subcontractors, which in any manner arise out of, are incident to, or are in connection with Vendor's performance under this Order.

Jurisdiction and Venue: The laws of the State of Colorado shall govern the interpretation, validity and effect of this Order. Jurisdiction and venue for any disputes arising under this Order shall be with the District Court of Adams County, Colorado.

Assignment: This Order shall not be assigned in whole or in part without the prior written approval of County.

No Waiver of Rights: No actions or lack of action by County shall be deemed a waiver of any of the provisions, terms or conditions set forth herein. Any waiver by County must be in writing.

Entire Agreement: This Order, properly signed, constitutes the entire agreement between County and Vendor. Any alterations, changes, variations, or additional terms by Vendor are rejected unless expressly assented to in writing by County. Acceptance is expressly limited to the terms of this Order; any additional or different terms are of no force and effect and notification of objection to such additional terms is hereby given.

February 9, 2012

Mr. Board Chairperson
Adams County Board of Commissioners
4430 South Adams County Parkway
Brighton, CO 80601

Dear Mr. Chairman,

Pictometry International Corp., requests to renew and extend the terms and conditions of our License Agreement with Adams County, CO, dated January 15th, 2005 for an additional Two (2) year period, at an annual cost of \$ 155,214.50. Total cost of this two (2) year renewal is \$310,429.00 (which is the annual cost x 2 and includes any setup fees, media delivery fees, etc., as described in Section A attached). Payment terms of this renewal are as follows:

- 25% of annual fee at time of signing this renewal
- 75% of annual fee upon shipment of new image library
- 100% of annual fee upon one year anniversary of library shipment

This renewal (check appropriate condition):

includes a new order form with specifications and Sector Map, which are attached.

All other terms and conditions remain the same.

Sincerely,
PICTOMETRY

DESCRIPTION OF PRODUCTS (the "Products"):

Section A: Licensed Products
Section B: Product Terms, Conditions, and Specifications

TERM OF AGREEMENT (the "Term"):

Term of Agreement commences on the date of Shipment of the aforementioned Licensed Products and shall continue for the term defined on Section A to this Agreement.

FEES AND PAYMENT TERMS (the "License Fees"):

All fees referred to in this License Agreement and in any of its Sections are in United States dollars and do not include any duties, taxes (including, without limitation, any sales, use, ad valorem or withholding, value added or other taxes) or handling fees, all of which are exclusive of the license and other fees to be paid by Licensee to Pictometry and which duties, taxes and fees will be paid by Licensee without reducing any amount owed to Pictometry unless documentation of tax exemption is provided to Pictometry prior to billing. Any amount payable by Licensee that is not paid within 30 days after its invoice date will accrue interest at the rate of 1.5% per month or at the maximum lesser rate allowed by law. In addition to any applicable interest, Licensee will pay Pictometry all costs it incurs to collect any amount due under this License Agreement, including but not limited to, attorneys' fees and court costs.

AGREEMENT:

This License Agreement, which includes this cover sheet and the Sections hereto (collectively, this "Agreement"), constitutes the entire agreement between Pictometry and Licensee with respect to the aforementioned Products and supersedes all prior representations, agreements or arrangements, whether oral or written, relating to the subject matter hereof. Any modifications of this Agreement must be in writing and signed by a duly authorized officer of each party. Any purchase order or similar document that Licensee may issue in connection with this Agreement will be for ordering purposes only and that any terms and conditions on such purchase order will be of no force or effect.

In consideration of and subject to the payment by Licensee of the License Fees, Pictometry agrees to provide Licensee with access to and use of the Products, subject to the terms and conditions set forth on Section B and the Licensee's current License Agreement to this Agreement. Licensee hereby agrees to pay the License Fees in accordance with the stated payment terms and accepts and agrees to abide by the General License Terms and Conditions.

This Agreement shall not become effective until signed by both duly authorized officers of Licensee and Pictometry.

SECTION B

PRODUCT TERMS, CONDITIONS, AND SPECIFICATIONS

The following are the terms, conditions, and specifications related to the products offered under the attached License Agreement.

The County has appropriated sufficient funds for this Agreement for the current fiscal year. Payment pursuant to this Agreement, whether in full or in part, is subject to and contingent upon the continuing availability of County Funds for the purposes hereof. In the event funds become unavailable, as determined by the County, the County may immediately terminate this Agreement or amend it accordingly. If such termination occurs, Licensee shall purge these products from its computers and or servers, cease use of the Licensed Products and return all Licensed Products to Pictometry. In addition, within thirty days of the date of termination of this Agreement, Licensee shall also pay Pictometry all amounts, if any, due hereunder.

PRODUCT PARAMETERS

IMAGERY

Product: IMAGERY - COMMUNITY - 4-way (C5) (12in) with 12" mosaic tiles - Per Sector
Ortho Tile Projection: State Plane, NAD83
Ortho Tile Format:
Units: Feet
Elevation Source: Pictometry on File
Leaf: Less than 30% leaf cover (Off)
Special Instructions:

Product: IMAGERY - NEIGHBORHOOD - 4-way (N5) (6in) Per Sector (EFS)
Ortho Tile Projection: State Plane, NAD83
Ortho Tile Format:
Units: Feet
Elevation Source: Pictometry on File
Leaf: Less than 30% leaf cover (Off)
Special Instructions:

STANDARD TERMS AND CONDITIONS

LICENSED OBLIQUE AND ORTHOGONAL IMAGERY

Imagery: Licensed Images procured with a high resolution digital camera and nominal GSD is as indicated on Sector Map. C3 products shall contain ortho images and oblique images taken from opposite directions. C5 or N5 products shall contain ortho images and oblique images taken from both opposite and perpendicular directions. Pictometry images (individual frames) are delivered in Pictometry .PSI and .PMI format (JPG combined with a metadata trailer). For each sector that includes ortho imagery, Pictometry includes a separate trailer, minimal overlap, projected in State Plane, NAD 83, feet unless the projection is stated otherwise on the executed order form. US Census Bureau TIGER line files of County or a base map must be supplied by Licensee.

EFS Licensed Software: Pictometry International Corp. shall supply one copy of the Pictometry Electronic Field Study (EFS) software, latest version, on the Storage Media supplied as specified herein. Licensee and Authorized Users may download updated versions of the Licensed Software for the term of their active License (not Perpetual License) with Pictometry, as indicated on the order form, from the initial date of shipping of the EFS software, along with a copy of the updated documentation. Recommended minimum system requirements for EFS are as follows:

Pentium 4, 1.3 GHz or greater processor. 512MB RAM (1GB or more recommended for XP, 2G or more recommended for Vista and Windows 7).
Windows 2000, XP, Vista (32- or 64-bit), or Windows 7 (32- or 64-bit). Video Card: 16MB graphics, 32bit color quality and 1024x768 screen resolution.
100 Mbps - NIC (network deployments). 250MB available hard disk space (EFS R1.14)

Licensee agrees that Pictometry may audit Licensee's use of the Licensed Software and agrees to the sharing of supplementary data with Pictometry for the purpose of improving future software versions, providing for additional tools and enhancing the value of the software to the Licensee. Pictometry shall not transfer any data collected to any third party. Pictometry shall preserve at all times the confidentiality of information pertaining to data collections where the information is not in the public domain.

Telephone Support: To the extent indicated, Pictometry shall provide telephone support to Licensee employees who have completed the Advanced User Technical Training and who are individually identified by Licensee to Pictometry.

License Term: At the conclusion of the defined License Term on the order form, Pictometry shall automatically grant a Perpetual License to Licensees in good standing for the then current version of the Licensed Products. Maintenance and Support for the Perpetual License may be purchased at Licensee's request.

License Storage Media: Licensee will make available on Licensee Server sufficient disk storage space to accommodate the Licensed Products. Licensee will also provide a 100 mb/s network link to the server. On delivery, the Licensed Images and Licensed Software may be copied to the Licensee server via the network

connection.

License Fees: All fees associated with the licensed imagery are considered earned upon shipment of substantially all of the Licensed Products.

Delivery Schedule: The image capture process and the delivery date may be affected by weather conditions or aircraft availability. Licensee will accept delivery within thirty (30) days of notification by Pictometry.

Digital Imagery Specifications:

Dimensions and Resolution

All values are approximates based on target height-over-ground. The actual values vary due to conditions outside of Pictometry's control, including, but not limited to, air traffic control restrictions, weather, and elevation changes in the underlying ground surface.

Sector Tiles

One-Meter Sector Tiles

Footprint: 5,280 x 5,280 feet (1,609 x 1,609 meters)
Pixel Size: 3.28 feet/pixel (1.0 meters/pixel)
Source Imagery: Community Orthogonal (12 and 9 inch / 30 and 22.5 cm) and/or Neighborhood Orthogonal
Radiometry: Not radiometrically balanced, may have observable cut lines and could consist of imagery taken over a period of several days.
File Size (Approx.): 700 KB (JPG format)

12 inch Sector Tiles

Footprint: 5,280 x 5,280 feet (1,609 x 1,609 meters)
Pixel Size: 1.0 feet/pixel (0.3048 meters/pixel)
Source Imagery: Community Orthogonal (12 and 9 inch / 30 and 22.5 cm) and/or Neighborhood Orthogonal
Radiometry: Not radiometrically balanced, may have observable cut lines and could consist of imagery taken over a period of several days.
File Size (Approx.): 7,000 KB (JPG format)

6 Inch Quarter Sector Tiles

Footprint: 2,640 x 2,640 feet (805 x 805 meters)
Pixel Size: 0.5 feet/pixel (0.1524 meters/pixel)
Source Imagery: Neighborhood Orthogonal and/or Neighborhood Orthogonal
Radiometry: Not radiometrically balanced, may have observable cut lines and could consist of imagery taken over a period of several days.
File Size (Approx.): 8,000 KB (JPG format)

4 Inch Quarter Sector Tiles

Footprint: 2,640 x 2,640 feet (805 x 805 meters)
Pixel Size: 0.333 feet/pixel (0.1016 meters/pixel)
Source Imagery: Neighborhood Orthogonal and/or Neighborhood Orthogonal
Radiometry: Not radiometrically balanced, may have observable cut lines and could consist of imagery taken over a period of several days.
File Size (Approx.): 19,000 KB (JPG format)

General Specifications:

Orthogonal Images

Image Format	Industry-standard image format with proprietary image trailer.
Image Quality	Images will have an unobstructed view of the ground and objects on the ground. In controlled airspace around airports, etc., and in areas of steep elevation changes, the image ground sample distance and resolutions may vary. There may be varying degrees of ground illumination and color variations due to lighting and cloud shadows.
Measurement Accuracy	<0.5% measurement error, excluding user pixel selection error
Pixel Placement Accuracy	Pictometry provides a visualization system and therefore does not certify image accuracy.
Sensor Orientation	Pictometry utilizes an IMU (Inertial Measurement Unit), ground station post-corrected differential GPS, and Kalman filtering to achieve a high degree of positional and directional accuracy.
Sensor Positional Accuracy	mean 15cm absolute
Sensor Directional Accuracy	0.015 degrees absolute (roll/pitch). 0.035 degrees absolute (heading)
Ortho-Rectification	The images are ortho-rectified to remove the variations due to elevation changes (utilizing the best DEM data available, including customer provided DEM data), resulting in geographically square pixels aligned to a rectilinear grid. This grid can be specified by any number of coordinate systems, including Latitude/Longitude, State Plane, UTM, and more. The desired coordinate system should be specified in the contract, or a default coordinate system will be used.
Image Export	JFIF (JPEG), TIFF, or BMP. Pictometry software can be utilized to export the images into any of the above industry-standard formats. The orthogonal images can optionally be transformed to a different projection during this export process, and an associated location reference file can be created for use in importing the images into other GIS mapping software.

Image Tiling	Individual orthogonal images are edge-feathered and mosaicked to produce orthogonal image tiles with tile sizes selected to balance single image coverage as well as manageability of open images. These orthogonal tiles provide continuous coverage across the area of interest. While some color balancing is done, these orthogonal tiles are not fully radiometrically balanced or edge-matched.
<u>Oblique Images</u>	
Image Format	Industry-standard image format with proprietary image trailer.
Image Quality	Images will have an unobstructed view of the ground and objects on the ground. In controlled airspace around airports, etc., and in areas of steep elevation change, the image ground sample distance may vary. There may be varying degrees of ground illumination and color variations due to lighting and cloud shadows. Due to the nature of oblique aerial photography, there may also be artifacts such as haze, glint and glare caused by reflected light.
Measurement Accuracy	<0.75% measurement error, excluding user pixel selection error
Pixel Placement Accuracy	Pictometry provides a visualization system and therefore does not certify image accuracy.
Sensor Orientation	Pictometry utilizes an IMU (Inertial Measurement Unit), ground station post-corrected differential GPS, and Kalman filtering to achieve a high degree of positional and directional accuracy.
Sensor Positional Accuracy	mean 15cm absolute
Sensor Directional Accuracy	0.015 degrees absolute (roll/pitch) 0.035 degrees absolute (heading)
Image Export	JFIF (JPEG), TIFF, BMP Pictometry software can be utilized to export the images into any of the above industry-standard formats.

- Notes**
1. The existing National Map Accuracy Standards focus on conventional analog aerial photography products. When used for digital mapping products, it is necessary to specify the approximate image scale (e.g. 1:1200) when stating NMAS requirements.
 2. Pictometry's orthogonal images provide the coordinate accuracy fulfilling most planimetric requirements, however, Pictometry data is not intended for authoritative definitive mapping or surveying replacement. If there is a need for authoritative mapping products, additional work is required by licensed individuals in order to certify Pictometry's orthogonal imagery. Alternatively, a separate, authoritative oblique image capture can be done and those orthogonal images used inside of Pictometry. Our oblique images are unique to Pictometry and are intended to provide data not available elsewhere and lateral views with more visual information, such as building stock analysis. In Pictometry the orthogonal and oblique images are linked for your convenience and additional study. With a few clicks you can find the revealing lateral views, height measurements, and other information afforded by the oblique images while using the coordinate accuracy afforded by the orthogonal images.

Documentation: Pictometry International Corp. shall furnish 1 digital copy of the Licensed Documentation for the Licensed Software.

Training: End User orientation session(s), is limited to 25 attendees per training session, for employee(s) of the Licensee, or Authorized Subdivision(s) thereof. Advanced User technical training is limited to 10 attendees using Licensee computers. Administration / IT training is designed to provide the administrators of the Pictometry image library with the knowledge they will need to manage and distribute access to the Pictometry solution. Administration / IT Training is provided remotely via online tools. Renewal Licensees will receive online training sessions, customized to address Licensee's needs. Pictometry Trainers shall contact Licensee to determine training needs.

EAP
Economic Alliance Partnership (EAP): Licensee shall be eligible for the EAP program for the Term of Contract as defined on Section A to this Agreement. For multi-library contracts (more than one image capture on Section A), EAP terms and conditions shown below will apply for a period of two years from the date of execution of the Agreement. Any remaining image library captures will be covered by the then prevailing EAP terms, as defined by Pictometry International Corp.

- Imagery** – with Pictometry's EAP program the Licensee may retain its imagery, as the EFS Software and Image License becomes perpetual at the end of the term of the License Agreement.
- Disaster Coverage at No Additional Charge** – Pictometry will image up to 200 square miles of affected areas (as determined by Pictometry) of the events described below at no additional charge to the license fee:
 - **Hurricane:** affected areas of Category II hurricanes and above. Coverage for hurricanes below this category or for areas exceeding 200 square miles will be available to active licensees at EAP rates, dependent upon resource availability.
 - **Tornado:** imagery of areas impacted by Tornados with ratings of EF4 and above. Coverage for tornados below EF4 or for areas exceeding 200 square miles will be available to active licensees at EAP rates, dependent upon resource availability.
 - **Terrorist:** damage due to terrorist attack for up to 200 square miles. Coverage beyond 200 square miles will be available to active licensees at EAP rates, dependent upon resource availability.
 - **Earthquake:** affected areas with damage to critical infrastructure resulting from an Earthquake at or exceeding 6.0 on the Richter magnitude scale. Coverage for Earthquakes below 6.0 or for areas exceeding 200 square miles will be available to active licensees at EAP rates, dependent upon resource availability.
 - **Tsunami:** affected areas with damage to critical infrastructure resulting from a Tsunami. Coverage for areas exceeding 200 square miles will be available to active licensees at EAP rates, dependent upon resource availability.
- Software** – Use of Pictometry Change Analysis™ or Web Deployment of Disaster Imagery – Pictometry's Rapid Response Program includes the use of Change Analysis software for ninety days from the date of delivery of any EAP imagery. The Change Analysis software simultaneously compares pre and post disaster images to aid recovery and restoration efforts. Pictometry Web Deployment of disaster imagery may also be available at no charge for ninety days.
