Subject: Welby Sub-area plan

I have reviewed the Welby sub- area plan and was pleased to see that many of the features that we discussed as desirable in community meetings were incorporated. I believe the plan preserves welby's rich cultural heritage. I especially like the activity center on York and creating a historic hub near Assumption catholic church which has been at the center of Welby community life for a century.

The connection of bike paths and the improved walk ability encourages outdoor activity for children as well as seniors
