Subject: Welby Plan

Hello Joelle and Adams County Staff-

I wanted to express my support for the Welby Plan moving forward. These processes are never simple, and never easy, but in our organization's experience in working with residents and agency partners to build healthy, sustainable, inclusive neighborhoods, having a plan with input and buy in from residents is crucial to building great communities. We would love to see a Welby in 20 years that is a healthy place to live (access to parks, recreation and healthy foods is ample, and active transportation is possible), is thriving economically, and where residents continue to feel proud to live and work.

Thank yo for your work on this project!

Erin Mooney
