Subject: Subarea Plan

This is in response to the Dec. 20th deadline for comments on the Subarea plan in Welby. I am opposed to any open space or parks in and around the Thornton water supply area. As a business owner in the area I would like to see the area developed as I was told it would be, commercial and industrial. I invested my time and a lot of money in locating my business in this area based on being told that this area was to be developed in a commercial and industrial atmosphere.
